# Graded Assignment 1

***Group G1-S10** -> Aalekh Srivastava, Narendran S., Sohan Desai, Vaibhav Koshta*

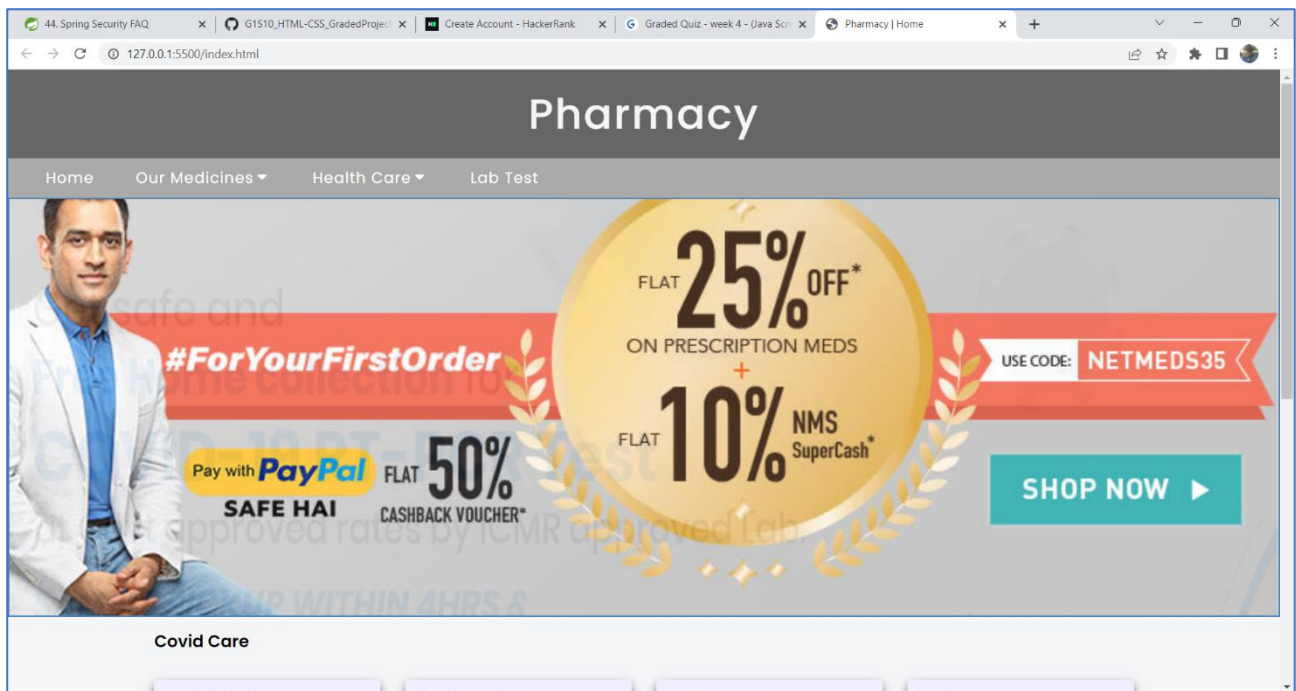

Home Page

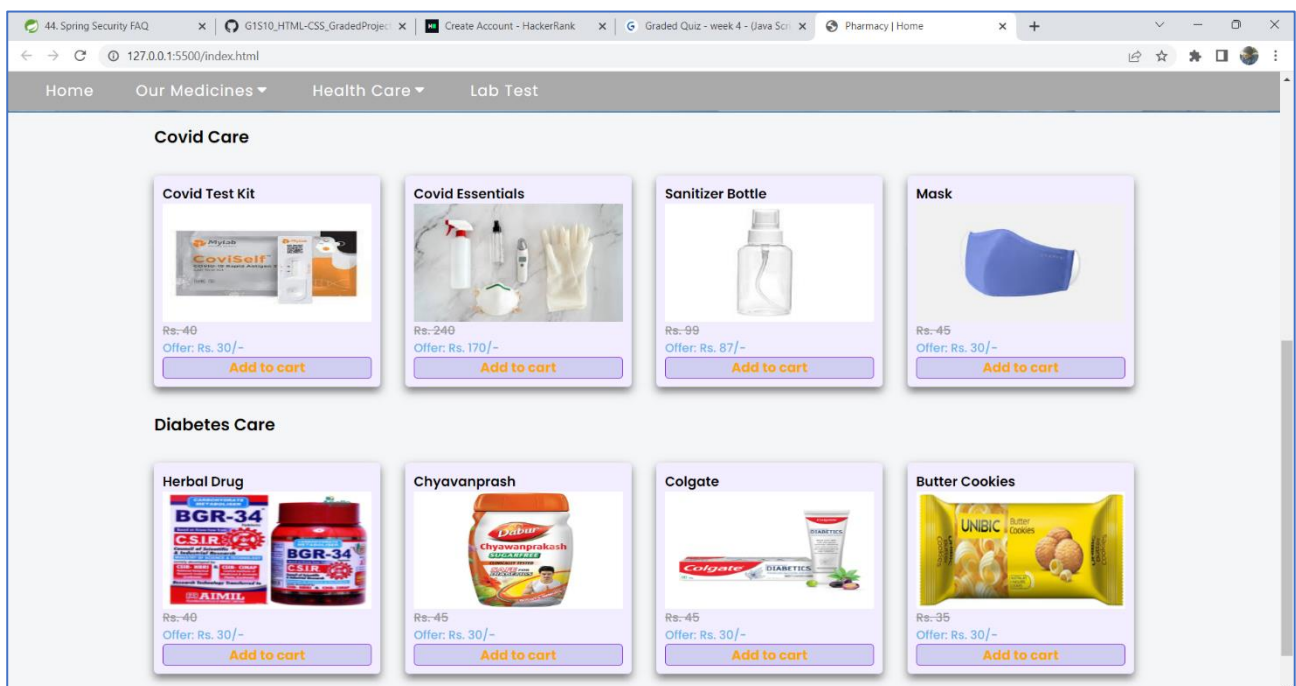

Hover effect on Home Link

Hover effect on Medicines Link. Dropdown appears

Hover effect on Health Care link. Dropdown appears
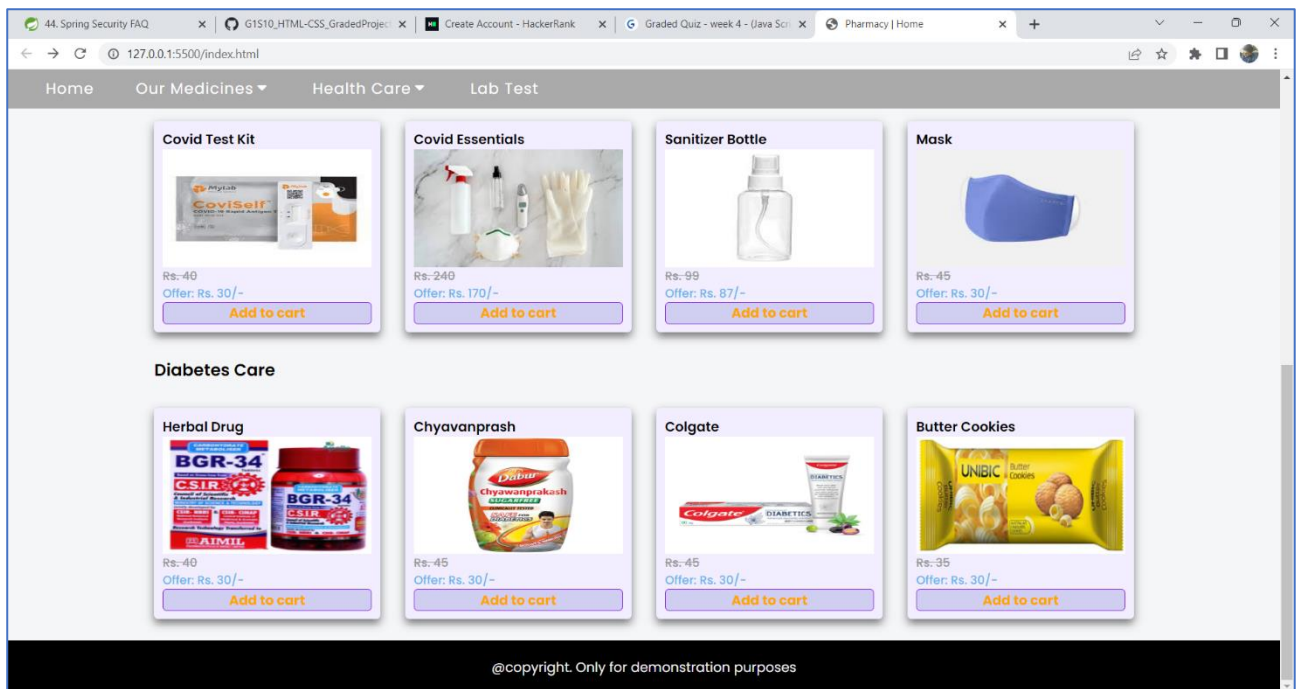

Animated Slideshow

Products section

The product tabs have an hover effect that causes them to scale 105% when cursor hovers over them.

When clicked on the "Add to cart" button, its background color changes to rgb(250, 234, 230) and the border color changes to rgb(0, 255, 76).

Footer

On clicking the "Lab Test" link a new page opens with above form

Both the form and image are side by side and positioned to the center of the page.

The image remains fixed in the form-window while the form scrolls.

The form has validation along with animated labels.

Reset and Submit buttons are placed outside the form.
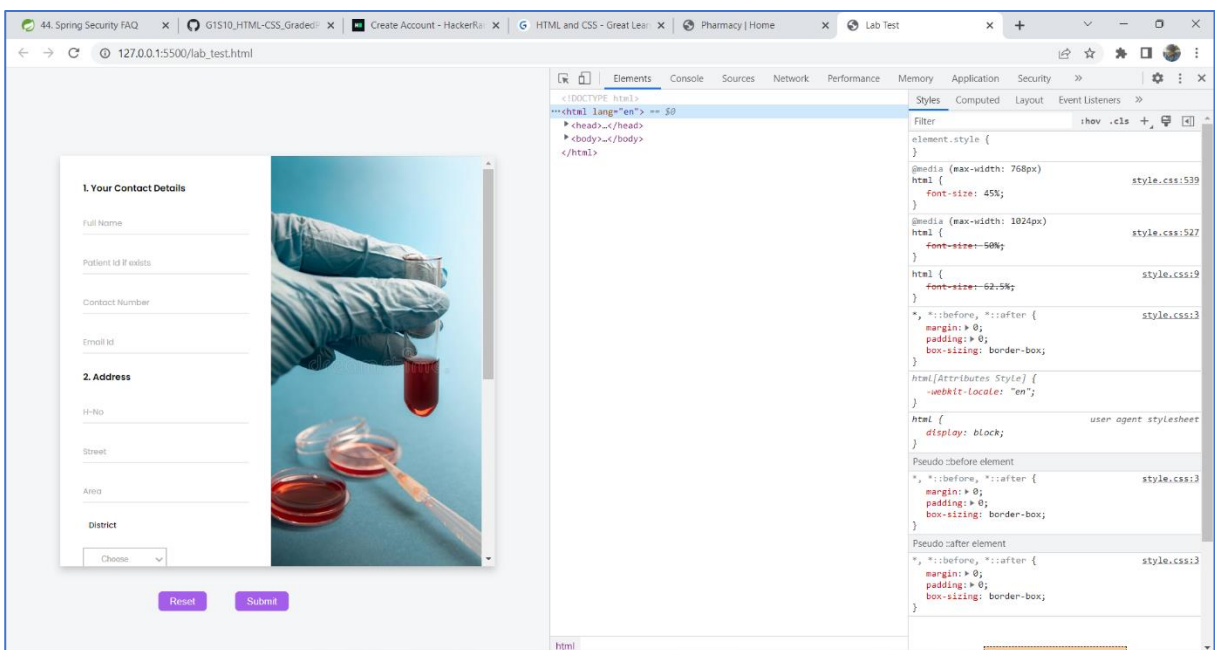

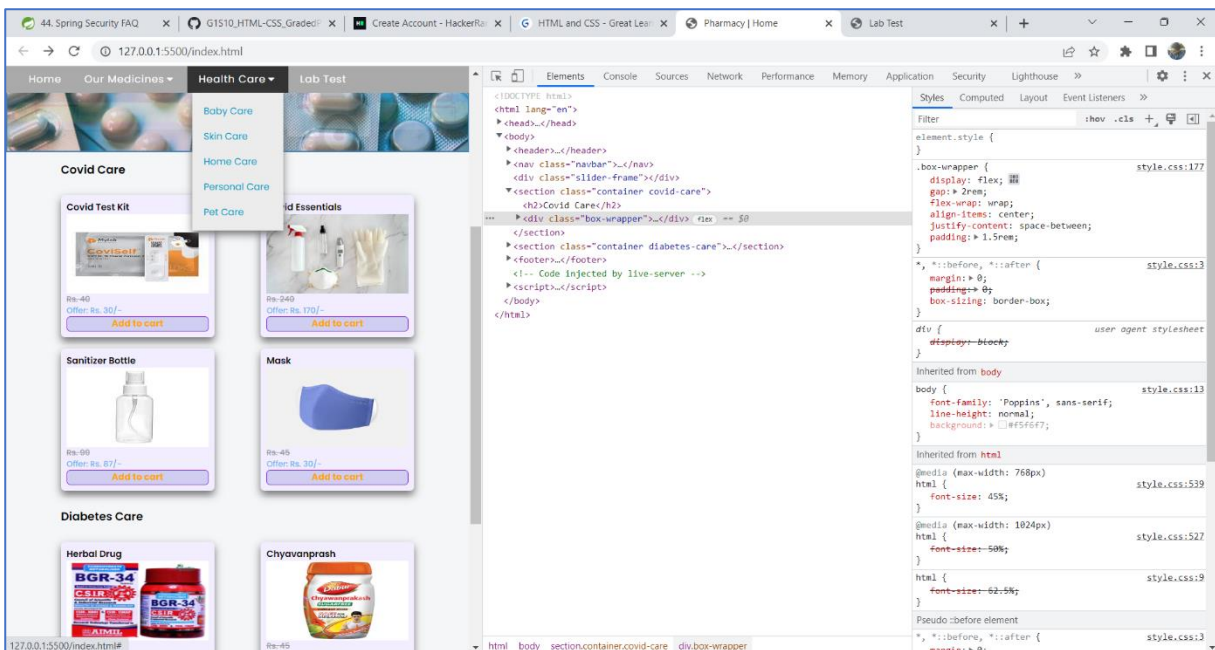

The entire webpage has responsive design suitable for all browser widths.

Also you will find a video recording of this project on our google drive. Link to which is shared below.
